

Remote Programmer Team

Lutfal Hoque

Director and Business Consultant

Lutfal is an MBA in marketing and has over 20 years of experience of running a professional web development company. He has vast experience both in coding and web business dynamics which is rarely seen now-a-days. He started his career in hard-core sales, selling computer hardware's in HCL at Mumbai. In 1997 he left sales and came into software development using VB. In 1999 he came back to his beloved city Kolkata and started this Web Development Company. He never took any formal training but learnt almost all software development skills and web development tools reading books and applying it into live web projects. Though his main expertise in developing web application on PHP/MySQL projects but at different point of time he has worked with C++ / PERL / ASP / JSP / JAVA / ColdFusion projects. Now he is longer a coder or a project manager but a Software Product Development GURU using concepts like LEAN, DevOps, TDD/BDD and CMMI. The company has 4 project managers and they are with RP for last 14 years.

Champa Khatun

Director and SEO Expert

Champa is the SEO expert in RP team. Champa has a post graduate degree in science. She has total 20 years of web experience. She started her career as a web designer in 1999 together with Lutfal. Later, in 2004, she moved to Web Marketing and now manages the SEO team. She is also one of the directors of the company.
